SOS Organizer, Joe Wasser, is proud to announce that the SOS World/State/National record freefall formation was boosted to 30 on the weekend of September 13-15, 2003. Joe has compiled an e-mail list of SOS members from all over the world. Members traveled from as far away as Sweden and Germany, and all of the US, to participate in this annual reunion. Several attempts to boost the record just a few more ended Sunday. However, the weekend's fun wasn't over. 10 members of JOS made one last jump and held their Cal State Record formation for 20-seconds. SOS members who are interested in participating in this annual event are encouraged to contact Joe at: "jwbubba@aol.com"
